

STAFF TECHNOLOGY ACCEPTABLE USE
AND SAFETY AGREEMENT

To access and use District Technology and Information Resources, including a school-assigned e-mail account, device and/or the Internet at school, staff members must sign and return this form.

Use of District Technology Resources is a privilege, not a right. The Board of Education's Technology Resources, including its computer network, Internet connection and online educational services/apps, are provided for business, professional and educational purposes only. Unauthorized or inappropriate use may result in loss of this privilege and/or other disciplinary action.

The Board has implemented technology protection measures and monitors online activity in an effort to restrict and protect against (e.g., block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Superintendent or Technology Coordinator may disable the technology protection measures to enable access for bona fide research or other lawful purposes.

Staff members using District Technology Resources are personally responsible and liable, both civilly and criminally, for unauthorized or inappropriate use of the Resources.

The Board reserves the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using District Technology Resources. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.
